Mail Stop Petition

P.O. Box 1450

Arlington, VA 22313-1450

Dear Sir:

In response to the notice of abandonment of March 03, 2006, please consider this petition under 37 C.F.R. 1.181. Applicant petitions to revive the patent application 10/798,797 on grounds of clerical error.

According to information obtained by public PAIR and from my client, but not mailed by the USPTO to me, the undersigned, the above identified patent application became abandoned on March 03, 2006, for failure to respond to an office action within the statutory period of 6 months. The notice of the office action was similarly not mailed to me, the undersigned.

Again based on information obtained from public PAIR, it appears that the mailing address for the undersigned was somehow mistaken at the 'PTO. All pertinent mailings from the 'PTO, including the two above-mentioned mailings, were mailed to the Altera Law Group in Minneapolis, MN. However, the undersigned agent, Michael A. Shippey, remained the
5 official agent of the Applicant, dating from the initial filing of the patent application. No communication in regard to this application has been received by the undersigned since said application was filed.

The official mailing address of undersigned agent, Michael A. Shippey, is:

10 Law Offices of Karla Shippey
4848 Lakeview Avenue, Suite E
Yorba Linda, CA 92886-3452

15 The undersigned agent is not affiliated with the Altera Law Group, and has never been so associated.

In case there was a problem with the Power of Attorney authorizing the undersigned to act as representative for the Applicant, a copy of the original, signed Power of Attorney is attached as Attachment A. This Power of Attorney is viewable on public PAIR.

20 A copy of the office action was obtained from public PAIR. A copy of the action is included herein as Attachment B. A response to the communication from the examiner is included herein, as Attachment C.

25 Applicant believes, and the evidence presented above supports, the conclusion that the instant application was abandoned solely to clerical error within the USPTO.

Therefore, Applicant respectfully requests a speedy consideration of this Petition, correction of the address of Agent, and revival without fee of the instant patent application.

DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-31, drawn to an ultrasonic transducer assembly and method of using, classified in class 367, subclass 152.
 - II. Claims 32 and 33, drawn to a method of manufacturing an aluminum hull for use in a watercraft, classified in class 114, subclass 356.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions II and I are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case the ultrasonic transducer assembly may be made by a materially different process such as by hand.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Application/Control Number: 10/798,797
Art Unit: 3662

Page 3

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ian J. Lobo whose telephone number is (571) 272-6974. The examiner can normally be reached on Monday - Friday, 6:30 - 3:00.

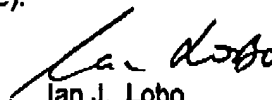

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thomas H. Tarcza can be reached on (571) 272-6979. The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.
